

The Pacific Northwest Chapter of the American Society for Indexing

presents:

Basics and Beyond September 13-14, 2019

Marriott SpringHill Suites—Columbia Room
1421 SE Tech Center Drive, Vancouver, WA 98683
Friday September 13 - Beginner's time, Dinner
Saturday September 15 - Sessions and Dinner

Agenda

Friday, September 13

3:30-5:30 p.m. A question-and-answer time for “newish” indexers
Hosted and moderated by Scott Smiley
Additional fee of \$10 for members, \$12 for nonmembers

Are you a beginning indexer with a lot of questions? Are you thinking about a career in indexing? Do you have some experience but have basic questions that you need answered? A “yes” answer to any of these questions indicates that this session is for you!

Scott Smiley, veteran indexer and indexing instructor, will answer your questions in the comfortable atmosphere of his house, located a few minutes from the SpringHill Marriott.

If you are staying at the Marriott and your room is not ready, you are welcome to store your luggage in a secure area of the hotel. We will gather in the lobby at 3:15 to carpool to Scott's house, or you can drive and meet us there.

Please indicate on the Registration Form at the end of this packet if you'd like to attend this session and include the fee in your registration check.

If you have questions, please contact Sam Arnold-Boyd at cascadeindexing@gmail.com.

6:00 p.m. **Friday Dinner (pay your own way)**
We will be choosing a restaurant near the Springhill Marriott. Plan to gather in the lobby at 5:45 to carpool or walk if you are staying at the Marriott, or meet at the designated restaurant. Vegetarian and gluten-free options will be available.

Saturday, September 15

8:30-8:45 a.m.	Registration Note: Breakfast for hotel guests is included in the price of hotel registration, and is available in the lobby area. Please have breakfast before the meeting.	
8:45-9:00 a.m.	Welcome and Introductions	Sam Arnold-Boyd
9:00-10:45	Technical Indexes with a Structured Approach Angela will explain the unique characteristics of technical books that make indexing them more challenging in some ways and less challenging in others. Technical books include computer software or programming books, science or engineering books, medical books, or instructional books in any field. Angela will then describe how she applies Fred Leise's structural indexing techniques to technical books, including the metatopic, pan-granularity, and the top-down and bottom-up indexing processes.	Angela Howard
10:45-11:00	Break	
11:00 - 12:00	Client Relationships Positive client relationships are key to the success of our businesses. The panel will present a variety of strategies for establishing good working relationships with clients that cover the bidding process, determining style specifications, and using contracts. They will also discuss how to handle complaints and disengage from difficult clients. Audience participation encouraged.	Panelists: Scott Smiley Madge Walls Carolyn Weaver
12:00-1:30 p.m.	Networking Lunch. Lunch will be pay-your-own-way at a variety of area restaurants. Attendees will choose a nearby location and get to know someone new or catch up with old friends. A delivery option is available for those who would rather remain on-site.	
1:30-2:00 p.m.	Business Meeting/Volunteer Recognition	Judy Staigmiller
2:00-3:15 p.m.	Index Comparison A small and large group activity that involves one book, two indexes for the book, and activities that lead participants in a comparison and contrast of the two indexes. We'll focus on audience, usability, and access, as well as how the indexes handle subheadings, the metatopic, and gathering scattered topics. The book, <i>Bringing Art to Life</i> , will be available for download before the meeting.	Judy Staigmiller Two indexes completed by highly experienced indexers
3:15-3:30 p.m.	Break	
3:30-4:15 p.m.	Embedding Index Tags in XML Files Angela will demonstrate how to manually embed XML index tags in XML files, explaining how it is less difficult than you might think. She will also discuss a couple of alternative approaches that might make it easier.	Angela Howard
4:15-5:15 p.m.	Bidding and Rates This interactive panel will give guidance in principles of setting rates, discussing expected rates for different types of books and strategies for successfully raising your rates. Approaches to bidding, handling special requests, and protecting yourself from unforeseen changes will also be addressed, along with an opportunity to do a sample bid. Audience participation expected.	Panelists: Scott Smiley Maria Sosnowski Madge Walls
5:15-5:30 p.m.	Wrap-up and Feedback	Sam Arnold-Boyd
6:00 p.m.	Chapter Dinner (pay your own way) We will be choosing a restaurant near the Springhill Marriott. Vegetarian and gluten-free options will be available.	

Our Speaker and Panelists

Angela Howard has been indexing since 1999. Prior to that, she was a technical writer for 12 years for database and web client/server software. She specializes in indexing technical manuals and trade books on software applications, programming, and methodologies, but she has also indexed books on education, grant writing, arts and crafts, nutrition, and alternative medicine. She has done embedded indexing in Word, Framemaker, InDesign, and XML, and uses Sky for standalone indexes. Angela served as Treasurer of the Southern California chapter before transferring to the Pacific Northwest Chapter.

Scott Smiley is a full-time freelance indexer who is the past-chair of PNW/ASI. A member of ASI since 1999 and of PNW/ASI since 2002, he previously served two terms as chapter treasurer. Scott was an instructor for the Graduate School (USDA) indexing course from 2009 until its demise in 2015 and has a Ph.D. in geography. He indexes primarily scholarly works in the social sciences, humanities, and other fields.

Maria Sosnowski started indexing part-time in 2005, and balances that with part-time employment in a law library. Her indexing centers around law, social sciences, and education, plus a variety of other topics, and she avoids hard science, medicine, and anything that sounds like philosophy and literary criticism. Her clients include authors, packagers, publishers, and other indexers, and she likes to be creative about pricing structures for her work.

Madge Walls has been indexing for 12 years, after many years in real estate. Through no fault of her own, she has specialized in scholarly books with an occasional math text thrown in. She enjoys travelling and writing fiction. Her two published novels reflect her life growing up and raising her children in Hawaii.

Carolyn Weaver, a founding member of the Pacific Northwest Chapter, has served multiple times as President and Treasurer of ASI, and as an exam reviewer for the ASI Training in Indexing course. She is the recipient of the 2015 Hines Award. She was a medical librarian for 35 years, including 11 years as a moonlighting indexer, before transitioning to full-time indexing in 2000. Her indexing specialties include health, behavioral, and social sciences.

PNW/ASI Board Meeting

Instead of holding a Board Meeting at the SpringHill Marriott on Sunday morning, the Board meeting will be held as a Zoom meeting later in September. We hope that it will be at a time that enables more people to attend. Details about the time, along with instructions for accessing the Zoom meeting, will be posted on the PNW website and sent out to the PNW listserv and to meeting registrants.

Environmental Issues

Because a number of chapter members have medically-diagnosed chemical allergies, PNW/ASI meeting sites have been declared fragrance-free zones. We request that attendees avoid using scented products such as perfumes, colognes, shaving lotions, hair spray, hand and body lotion, or soaps on the day of the meeting. Look for “fragrance free” on labels, not “unscented” which may still include fragrances. All meeting rooms are, of course, smoke-free.

Lodging

Marriott SpringHill Suites

Overnight accommodations are available September 13 to 15 at the special rate of \$119 per night (two nights available at this group rate). These are small suites that consist of a king bed, plus a sitting area with a sofa that opens to a double bed, a chair, a desk, and a mini kitchen with microwave and small fridge. (Hot plates are available upon request.) A room with 2 queens can be requested instead, if available, for an additional fee. [Book your group rate for PNW-ASI \(https://www.marriott.com/event-reservations/reservation-link.mi?id=1556757674772&key=GRP&app=resvlink\)](https://www.marriott.com/event-reservations/reservation-link.mi?id=1556757674772&key=GRP&app=resvlink), or you may call 1-360-260-1000 and ask for the PNW/ASI rate. The special rate is guaranteed for Friday and Saturday night. If you wish to extend your stay at the hotel, please contact Eric Schneider at eric.schneider@marriott.com. Breakfast is included in the price of the reservation (full buffet, not just a continental breakfast). Please note that the **discounted rate is guaranteed only for reservations made by August 14**. You are encouraged to reserve your room early, even if you have not yet registered for the conference.

There is a walking trail very near the hotel. Other amenities include free WiFi and parking.

Transportation

Sherry Smith Award for a new indexer

The Sherry Smith Award of the Pacific Northwest Chapter of the American Society for Indexing will grant \$100 to help one new indexer per year attend a PNW fall conference. In order to apply, you must:

1. Be currently enrolled in an indexing course for initial training in indexing. This includes the ASI Training in Indexing course, the UC Berkeley Extension Indexing: Theory and Application course, or individual instruction from an established professional indexer.

OR

2. Be in your first year after completion of one of the courses above, as of the date of the fall conference.

AND

Apply no later than one month before the fall conference (August 14, 2019). Application is by email to the membership coordinator, Maria Sosnowski, at maria@index-plus.com. In the email, include your name, location, course/teacher, completion date if applicable, and contact information for verification. Winner must be willing to volunteer for the Program Team for a one year period after selection, which is a group of indexers who help plan the fall conference. The purpose of the award is to help emerging indexers experience the benefits of networking with other indexers while we harness your ideas and energy to invigorate future conferences.

The winner will be selected by random drawing from the pool of applicants who meet the criteria. The winner will be awarded \$100 which will be allocated first towards the conference fee, and then any balance remaining will be paid to the winner at the conference to defray other conference-related travel costs. Conference attendance is required. Prior winners are not eligible.
